

EXPLORE
INTERNATIONAL SCHOOL

VISION FOR A DIFFERENT FUTURE

The Explore initiative is deeply rooted in the fertile grounds of knowledge. Our philosophy grows from knowledge and spreads out like branches in every direction, thus providing shelter to all seeking knowledge, because as per our views if someone has the light of knowledge, they must allow others to light their candles at it.

It builds well-rounded and capable citizens who soar high to follow their dreams and aspirations. It is this philosophy to enlighten every individual that makes the difference. Which is why, Explore is '**A different school of thought**'. Explore International School stands as the bearer of knowledge, which helps one to develop as an independent individual. Here, our students can strengthen their character, sculpt their personalities and nurture latent skills.

Our hope lies in the endowment of our youth. We need to build a world of creative thinkers and active learners. We owe it to our children to give them the best of opportunities and an education that will help them to build a colourful shining future. We not only teach the students, we make their personalities in such a way that in future they will surely be suitable enough to serve the mankind.

Vision: - Student development is catalysed across the intellectual, social, emotional, physical, moral, spiritual and aesthetic level. Student achievement is inspired through the celebration of achievements within the school and community. Student learning is encouraged through a spirit of enquiry and competition. Student growth is promoted through the empowerment in school teams, career guidance and counselling. Student progress is facilitated through a mature school-parent relationship of mutual benefit.

Mission: - We aim to preserve and enhance the highest standards of excellence and prepare capable, responsible citizens for the 21st century.

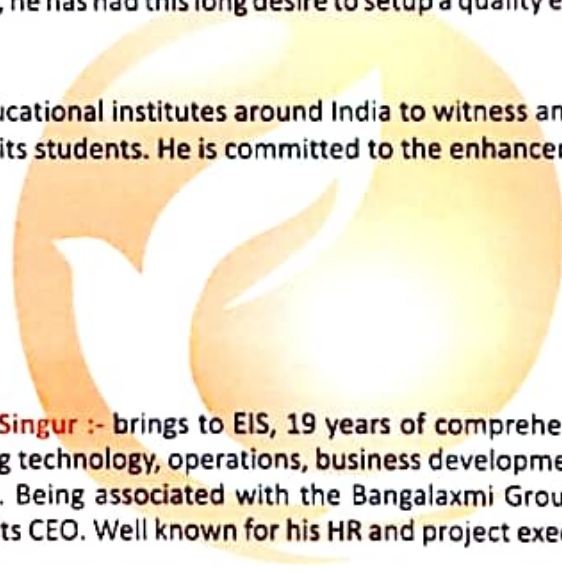

Mr. Pares Patra

Founder and chairman: Bangalaxmi Educational trust :- We seriously belief that, education is fruitless if it makes learned montes while teaching, we always keep in mind that our teaching always serve to make the students more human.

Mr. Pares Patra is a self-made man whose vision is to create the **platform** where the potential of a child can be realized and developed has been put to action through Explore International School, Singur. Born and brought up in Singur, Mr.Patra promotes local talent of the state, across the world through his establishments. An admirer of quality education, he has had this long desire to setup a quality educational institute to provide a strong base to the young generation.

He has travelled extensively to a number of world class educational institutes around India to witness and experience the quality and standards that an international school needs to provide to its students. He is committed to the enhancement of the qualitative aspects of the school and expects support from everyone.

Mr. Jahar Lal Adak

CEO- Explore International School, Singur :- brings to EIS, 19 years of comprehensive experience and year on year success in spearheading multifaceted functions encompassing technology, operations, business development, quality management system, general administration and customer relationship management. Being associated with the Bangalaxmi Group since inception, he now undertakes the responsibility of leading the school from the front as its CEO. Well known for his HR and project execution skills, he equally shares the vision for the school along with **Mr.Patra**.

Mrs. Sarita Yadav

Principal

Explore International School, Singur

"As parents and teachers, we are aware that education is much more than rote learning and examinations".

Built on a foundation of Trust, Love, Joy, Listening and Caring for each child, Explore is committed to provide much more than mere transmission of information and skills acquired through compartmentalized syllabi. True education begins with knowing and understanding the child. At Explore, the child and the adult both are learners. Together, they weave a world of sharing, discovering and constructing new hopes and new vistas.

To begin with the learning environment at Explore is defined by creating a culture that permits learners, both young and old, to build enduring relationships with themselves and the world around them.

Free of judgment and conformity, explore recognises each child as an individual being with his own special set of strengths and talents, as one who partakes in learning activities because he wants to learn and is capable of living life with joy. This process best begins with not knowing fear of standardized achievements or of comparison with others. Alternatively, it begins with knowing the worth of others and one's own limitless abilities to learn and to achieve. Explore means recognizing the worth of one's infinite sense and the development of a character that learns with dignity and self worth, for oneself and for the world.

Lets join hands together to give roots and wings to our children.

WORLD CLASS FACILITIES FOR HOLISTIC DEVELOPMENT

Although education remains the primary objective of schooling we believe that joy and care are important parts of the growing-up experience. That's the reason, we offer our students the best of both world – curricular as well as co-curricular.

- :: Amphitheatre
- :: Arts and Craft
- :: Art Gallery
- :: Drama
- :: Dedicated Music Room
- :: Multimedia Centre

SPORTS INFRASTRUCTURE

Properly groomed young talents can go on to break any record and raise every bar. Believing that every child has a special flair, we strive to bring out the best sports person in every child. A well-structured games programme for all students for mental and physical toughness is in place.

Tournaments are organised at all levels. Inter section, Inter class, Inter school, district & National levels.

- :: Cricket
- :: Football
- :: Athletics
- :: Hand Ball
- :: Volley Ball
- :: Table Tennis
- :: Badminton
- :: Kabaddi
- :: Karate
- :: Carrom
- :: Chess
- :: Kho Kho

ACTIVITIES BEYOND CLASSROOM

Various personality – enhancing activities have been woven into our regular curriculum comprising of :

- Indian & Western Music
- Indian & Western Dance
- Quizzing
- Debating & Public Speaking
- Dramatics
- Elocution
- Painting
- Yoga
- Art And Craft
- Origami

We believe the experiential learning, through participation in co-scholastic activities, helps the students to develop their personality and prepare them to meet the challenges of living in all increasingly competitive world.

LEARNING WITH SMART TECHNOLOGY

Explore International School defies traditional classroom learning through its futuristic education technology. Classes have access to **Interactive Boards**. A fibre-optic internet cable computer network inter-connects all our classrooms, laboratories and library on the campus. In addition, each student has access to fully-equipped state-of-the-art laboratories, a well-equipped library and multimedia centre.

An array of facilities that touch every sphere of development:

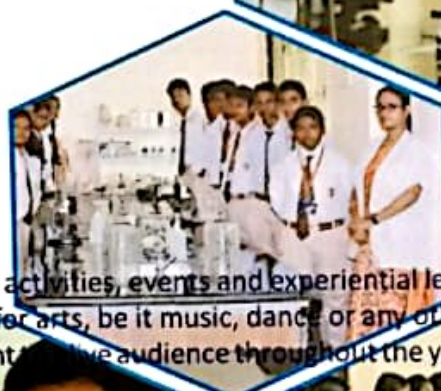

- :: Physics Labs :: Chemistry Lab
- :: Biology Lab :: Mathematics Lab
- :: Computer Lab :: Language Lab :: Social science Lab

INFUSING CREATIVITY FOR LIFE

At Explore International School, we expose our students to a multitude of activities, events and experiential learning camps, because the best lessons are often learnt outside the classrooms and beyond books. For children with a penchant for arts, be it music, dance or any other form, Explore International School offers an array of activities to engage in. Students also get opportunities to display their talent before a live audience throughout the year.

Students are given formal training that help them showcase their talents in fields like :

- :: Arts :: Dramatics
- :: Dance :: Community Service
- :: Music :: Public Speaking

Pedagogy

Pre-Primary School

Each child is endowed with a unique potential- an infinite one. Our pedagogy is designed to help the child realize their unique abilities in a systematic synergetic and self paced manner. We help the children to discover their own individual learning outcomes in sync with the high level social, emotional, linguistic and other developmental milestone.

Primary School

At this stage children are trained to develop social, emotional, cognitive and motor skills through:

- :: Language Development
- :: Drama
- :: Thematic Module
- :: Other Spheres of Learning e.g. Yoga, Music, Art and Design etc.

Middle School

At this stage holistic education continues through trans-disciplinary skills. Concepts are strengthened and applied through specialised labs.

Following essential areas of learning are covered in this phase:

- :: Art & Design
- :: Languages
- :: Social Studies
- :: Physical Education
- :: Science & Mathematics

The school will surely provide a safe environment conducive to learning. The school will help the parents to discover child's learning style as well as their unique talents.

The school will work in cooperation with parents and the community to provide a nurturing and challenging environment that encourages academic excellence, character development and love for lifelong learning.

Secondary School

Secondary level comprises of class IX-X. Here main emphasis is to provide students with knowledge and skills in certain specific directions. Attempts are being made to develop the students to be aware of his/her own interest and adequate guidance is being provided to help the students to work according to their choice of career and grow up as socially responsible citizens. All subjects are taught by skilled, qualified, competent and dedicated teachers through modern and innovative teaching methods to extract outstanding result.

Senior Secondary School

Senior Secondary Section comprises of classes XI – XII. In these classes, the student's intellectual, aesthetic, physical and cultural growth is strengthened. The smooth transition from childhood to adolescence is facilitated by comprehensive value added education. Academic challenges become the focus as the student start preparing for the All India Senior Secondary School Examination conducted by CBSE, New Delhi.

CURRICULAM

Explore International school strongly believes in its mission of sculpting a child's personality that's truly unique by identifying and honing their talents. The holistic educational approach at EIS enables students to stay ahead of time through a unique blend of academics and co-curricular activities.

Curriculum and the learning process is made interesting by incorporating:

- :: SE Teaching Model (i.e.) Engage, Explore, Explain, Elaborate and Evaluate
- :: Special Educational Programs
- :: Interactive modes of Teaching
- :: Activity based learning
- :: Cultural & Sports Activities
- :: Classroom Strength of 35 students
- :: 15:1 Students-Teachers Ratio for Maximum Interaction

AWARDS AND ACCOLADES

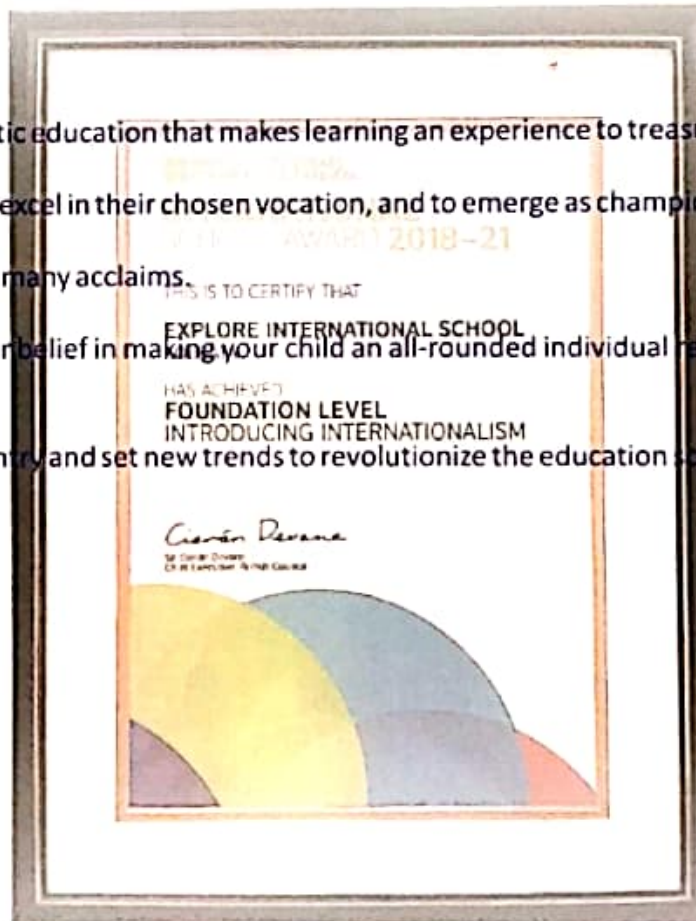

Explore International School believes in providing holistic education that makes learning an experience to treasure.

We aspire to imbibe in students, the essential values to excel in their chosen vocation, and to emerge as champions in every walk-of-life.

This belief system makes us stand apart and has won us many acclaims.

These achievements and accolades have reinforced our belief in making your child an all-rounded individual ready to face the world, through persistent and innovative initiatives.

We aspire to establish one of the best school in the country and set new trends to revolutionize the education scenario.
